ABOUT ME

Hard-working, goal-oriented, and a team player seeking an opportunity where I can challenge my potential, put my skills to good use and grow my career exponentially.

PROJECTS

- **UNIFIED LOCAL SHOP** (Online shopping website)- Connecting local shops to the customers, where they can purchase groceries. Here we used VS Code editor to develop the frontend part by using JavaScript, HTML/CSS. The database will be stored in the MySQL and we connected both frontend and backend with the help of Node.js.
- **AUTOMATIC HALL TICKET GENERATOR** (Robotic Automation Process)-Hall Tickets and other such customised documents require a lot of time to make and may be subjected to errors over time. This can be avoided by leaving the work to a robot that runs as per our command. Here we used UI Path for automatic generation of halltickets. The details of the candidates will be retrieved from the Excel sheet.

EDUCATION

CANARA ENGINEERING COLLEGE	2021-2025	CGPA - 8.44
R N SHETTY PU COLLEGE	2019-2021	84.66
GOVT JUNIOR HIGH SCHOOL, KOTESHWARA	2019	80.96

SKILLS

- C
- HTML / CSS
- JavaScript

CERTIFICATIONS

- Internship certificate under QSpider Campus Connect
- UI Path Academy - Certification on Automation Explorer Training
- Spoken Tutorial Certification on C
- Certificate of completion for Automatic Hall Ticket Generator Project

TECHNICAL EVENTS PARTICIPATED

- PRIMED - Placement Hackathon conducted by IEEE Student Activity Committee
- CODEFEST - Conducted by UniCourt
- Intro to Cloud Infrastructure Management and DevOps Essentials - Workshop conducted by UniCourt
